2. When MIHS or any of its departments proposes a revision to a policy that affects the use or disclosure of a patient’s PHI or patient’s rights, the proposed policy shall be sent to the Compliance Office. The Compliance Office will evaluate whether the proposed policy will affect the content of the Notice and will promptly revise and distribute an amended Notice, if there is a material change to the content.

3. The effective date of the Notice, including any revised Notice, will not be before the publication date of the printed Notice.

4. Except where required by law, a material change in the Notice will not be implemented before the effective date of the Notice.

5. MIHS will maintain each form of the Notice for at least six (6) years.

Means of Disseminating Notice of Privacy Practices

MIHS will provide the Notice to patients and others in the following ways:

- At registration
- Upon any person’s request
- By having hard copies of the Notice available at the information desk in the lobby, the front desk of the emergency department, outpatient areas, nursing stations, etc.
- By posting the Notice in clear and prominent locations where it is reasonable to expect individuals seeking service from MIHS to be able to read the Notice.

Obtaining Patient Acknowledgement of Receipt of Notice of Privacy Practices

1. Except in emergency situations, MIHS will make a good faith effort to obtain a written acknowledgement from the patient or the patient’s representative of the receipt of the Notice on either the Conditions of Admission form or the Acknowledgement of Receipt of Notice of Privacy Practices, and if not obtained, document the attempts and the reason why acknowledgement was not obtained. (See Forms: 11427- Acknowledgement of Receipt of Notice of Privacy Practices and Consent to Leave Phone Messages; See Form 2076/10366 – MIHS Conditions of Admission.)

2. In emergency situations where obtaining acknowledgement or receipt of the Notice would interfere with patient care, MIHS will attempt to obtain the acknowledgment as soon as practicable.

Electronic Mail Notice; MIHS Web Sites

1. All MIHS Web sites containing information about its customer services will prominently post the Notice and make the Notice available electronically through the Web site. MIHS customers must be able to download or print a paper copy of the Notice from the Web site.
2. MIHS may provide the Notice by email only if the patient agrees to receive the Notice by email. The patient’s agreement will be documented in the patient’s medical or billing record.

- The patient may withdraw this agreement. The patient’s withdrawal of agreement will be documented in the patient’s medical record or billing record.
- If MIHS personnel attempt to email the Notice to a patient and learn that the email transmission has failed, they will promptly provide a paper copy of the Notice.
