

MARICOPA INTEGRATED HEALTH SYSTEM SOLE SOURCE PROCUREMENT NOTICE

90-18-294-SSP

Multiplex Electrochemical Detection Platform

Closing Date: Monday, November 27, 2017 11:00AM, Phoenix, AZ Time

Maricopa County Special Health Care District dba Maricopa Integrated Health System (MIHS) recommends the award of a sole source contract to Clinical Micro Sensors, Inc. d/b/a GenMark Diagnostics, Inc. for the molecular diagnostic product utilizing multiplex electrochemical detection in a sample-to-answer system that has the capacity of simultaneously running multiple tests under one instrument. MIHS is not aware of any other vendor that possesses the performance capabilities, product scientific design or service scope required by MIHS for these testing services.

MIHS will proceed with this award unless another vendor can demonstrate that they have the capability of meeting all of the requirements set forth herein. Written questions or intent to respond concerning this Sole Source Procurement should be addressed to Christopher Melton no later than Tuesday, November 21, 2017 11:00AM, Phoenix, AZ time. Questions or intent to respond may be submitted to Christopher Melton via e-mail at christopher.melton@mihs.org or may be faxed to 602-344-1813.
